PROFILE   As an experienced professional with a diverse skillset, I am well-suited for roles that require strong organizational and communication abilities. With my background in travel planning and technical archiving, I am adept at managing complex projects and ensuring that all tasks are completed with the highest level of accuracy and attention to detail. In addition, my experience building successful websites during the pandemic demonstrates my ability to adapt to changing circumstances and create innovative solutions to complex problems. As an English teacher, I have honed my communication skills and developed a passion for education and empowering others. Overall, I am a highly motivated and adaptable individual with a passion for making a positive impact in the world. I am excited to bring my skills and experience to new challenges and opportunities.

EMPLOYMENT HISTORY

Mar 2022   **English Teacher, UPTIME**   Jacobina, Bahia
                     CONSULTANTS

As an English teacher with UPTIME, I had the pleasure of working with a team of highly skilled professionals who shared my passion for language education. Together, we strived to create an engaging and supportive learning environment that helped students to build their confidence and achieve their language goals. Working at UPTIME was a fulfilling experience that allowed me to grow both personally and professionally. The company's emphasis on excellence and innovation challenged me to continually improve my teaching skills and stay up-to-date with the latest industry trends.

Aug 2018 - Jan 2020   **Trainee, YAMANA GOLD INC**   Jacobina, Bahia

During my time as a trainee at Yamana Gold, I had the opportunity to work on a variety of

projects that helped me develop valuable skills in project management, organization, and attention to detail. One of my main responsibilities was controlling the technical archive, which involved ensuring that all technical documentation was up-to-date and properly stored for easy access. I also managed international and national trips for employees in Canada and Brazil, which included coordinating travel arrangements, accommodations, and itineraries. Overall, my experience at Yamana Gold was invaluable, and I am grateful for the opportunities I had to learn and grow as a professional. I am confident that the skills and knowledge I gained during my time at Yamana Gold will be valuable assets as I continue to grow in my career

EDUCATION

Mar 2023 **Bachelor, <u>Software Engineering</u>, International University Center**

I'm currently studying Software Engineering, and I couldn't be more excited about the opportunities and challenges that lie ahead. With the rise of technology and digital transformation in every industry, the demand for software engineers is at an all-time high, and I'm eager to learn the skills needed to succeed in this dynamic and rewarding field. Through my coursework, I'm gaining a deep understanding of computer science principles, programming languages, and software development methodologies. I'm also developing essential soft skills such as teamwork, communication, and problem-solving, which I know will be critical to my success in the industry.

Mar 2020 - April 2022 **Licentiate, <u>History</u>, University of the State of Bahia**

As a former student of the University of the State of Bahia (UNEB), I can confidently say that my time there was truly life-changing. I originally enrolled in the Licentiate degree in History with a burning passion for learning about the past, particularly social problems in Brazil and political repression during the Latin American dictatorships of the 20th century. However, the pandemic and my personal life experiences caused me to reassess my priorities and career goals. I realized that while I loved History, my true passion lay in the field of technology. And, despite this realization, I still cherish the education I received at UNEB and the deep understanding of Brazilian society and its history that I gained

Fev 2015 - Aug 2019 **Technical, <u>Information Technology</u>, Federal Institute of Education, Science and Technology of Bahia**

During my high school years at the IFBA, I had the opportunity to participate in a program that combined traditional high school classes with technical classes focused on IT. These technical classes covered a wide range of languages, including Java, C#, C++, MySQL, and more
